Artist Statement (75 words or less)	With this work I want to remind people of the importance of respecting trees as they are the lungs of the Earth. Trees have more knowledge compared to us, and their memory outreaches ours. Everything important has been saved in their growth rings. In my quilts, colors and plain expression play vital roles, and I like to combine industrially printed fabrics with recycled fabrics that I have dyed myself.
Materials and Techniques (25 words or less)	Cotton, synthetic fibre and batik dyed viscose. Machine pieced together and quilted.

Statement of Release:

I agree to loan my work to Taiwan Art Quilt Society and have my work displayed for the duration of the exhibition. I further agree to permit the images or detail images and/or all of part of my artist statement to be used in the exhibition catalog, articles, ads, promotions, books, websites, blogs, CDs, current event news coverage, television productions, and/or multi-media productions. I indicate that I have read and agree to all the requirements as listed in the Call for Entry Prospectus.
